THE ECOSYSTEM

THE 360° CONNECTED ECOSYSTEM

Moving from fragmented payments to an orchestrated financial world.

1 The Receiver (Institution)

Seeking automated reconciliation, upfront liquidity, and new revenue.

EduFlow360
Orchestration

3 The User (Students)

Seeking financial independence, freedom of credit using prepaid and the wallet, and lifestyle perks — financial literacy without the risks of defaults and debt traps.

2 The Payer (Parents)

Seeking seamless security, flexible payments, and total visibility.

COMPARISON

LEGACY FRICTION VS. INTELLIGENT FLOW

	Legacy Education Payments	EduFlow360 Ecosystem
Reconciliation	Manual, error-prone ledgers	Automated POS/QR routing to ERP Subledgers
Cash Flow	Delayed settlements	T+1 upfront liquidity via Visa Installments
Cost Structure	High transaction fees, cost-center	Bespoke education rates, profit-center
Student Experience	Generic banking	Branded financial identity & zero-balance credit
Parent Visibility	Blind spending	Real-time Wallet App oversight

Moving from a fragmented cost-center to an orchestrated profit-center

ARCHITECTURE

THE ARCHITECTURE OF ORCHESTRATION

"A modular framework for existing platforms."

Intelligent Layer

SIS · ERP · LMS

Existing Platforms

Modular layer atop existing institutional systems

Unified Data Intelligence

Bridges gaps in SME and enterprise services.

Omnichannel Support

Unified dashboard capturing web, mobile, and physical flows.

Agile Innovation

API-first design for rapid deployment and continuous enhancement.

ATS & VaultsPay · Confidential. All Rights Reserved. 2026

RECONCILIATION

THE END OF MANUAL RECONCILIATION

VaultsPay's unique POS terminal and QR integration links transactions directly to specific ERP subledgers in real-time. We eliminate the hidden costs of manual rework and optimise finance team productivity.

ADVANTAGE

THE UNPRECEDENTED EDUCATION ADVANTAGE

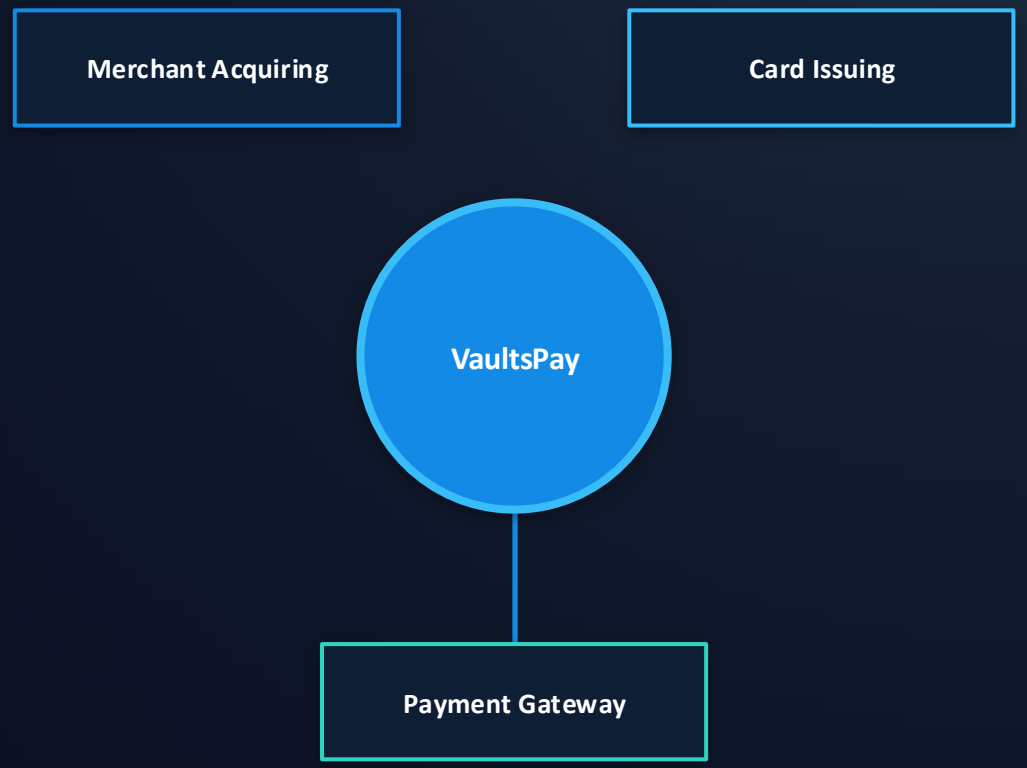
Because VaultsPay operates as both the Acquirer and the Issuer within a unified framework, intermediary friction is eliminated.

This allows us to offer bespoke, unprecedented transaction rates specifically calibrated for the education sector — rates legacy banks simply cannot match.

UNDER ONE ROOF

Acquirer + Issuer in one framework

Zero intermediary friction · bespoke education sector rates



ATS & VaultsPay · Confidential. All Rights Reserved. 2026

PARENT EXPERIENCE

THE PAYER'S COMMAND CENTER

Empowering parents with total oversight, frictionless fee payments, and granular control through a single, unified digital wallet.

VaultsPay Wallet

Balance

AED 1,638.00

Deposit | Add Funds | Transfer

Transactions

Tuition	−700.00
Daily allowance	+55.00
Bookstore	−30.00

1 **Real-time Oversight**

Monitor tuition payments and daily student allowance spending instantly.

2 **Seamless Funding**

Load funds for fees natively without jumping between banking apps.

3 **Ultimate Security**

PCI-DSS Level 1 certified environment for peace of mind.

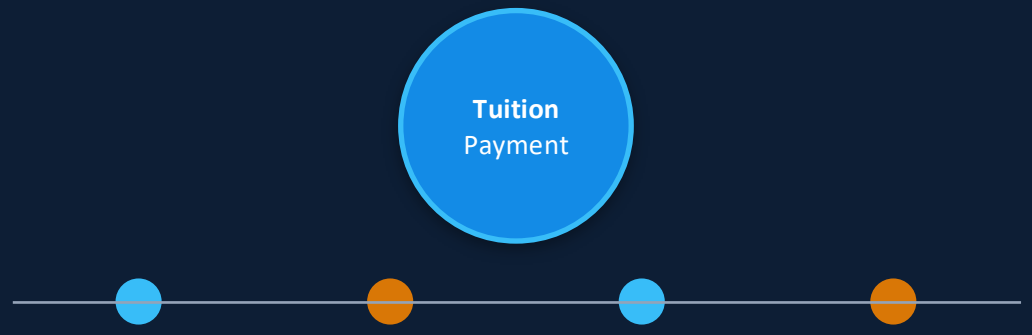
LIQUIDITY

THE VISA INSTALLMENT GAME CHANGER

A perfect equilibrium: Easing parent cash flow while supercharging institutional working capital.

THE PAYER'S BENEFIT

Utmost Flexibility



Parents receive the financial flexibility to pay tuition in installments, easing cash flow pressure.

THE RECEIVER'S BENEFIT

Upfront Liquidity

T+1

Settlement times via Dara Fintech AP Platform

The Education Merchant receives the full tuition amount upfront — instantly converting receivables into working capital.

STUDENT EXPERIENCE

OWNING THEIR FIRST FINANCIAL IDENTITY

The student wallet proposition seamlessly transitions youth allowances into a robust, independent financial profile, wrapped in the prestige of their university's brand.

THE BRAND TRANSITION

Youth allowance → Independent financial identity

The first wallet a student calls their own — issued under the university's own brand, building lifetime affinity from day one.

Zero-Balance Credit

The zero-balance credit card allows for subscriptions not permitted on debit cards. With no credit extended, there is no impact on credit scores and no debt trap.

Daily Utility

Careem discounts, Talabat offers, and campus integrations — built into the everyday wallet.

Global Lifestyle

8+ airport lounges, travel insurance, and dining perks for the next chapter.

BRAND TOUCHPOINT

THE ULTIMATE SYNTHESIS: A CARD FOR LIFE

This 85×54mm piece of plastic is the entire ecosystem made physical. It is the payment tool for the campus, the parent's control mechanism, the student's identity, and a continuous brand touchpoint for Heriot Watt University.

STUDENT IDENTITY

PAYMENT TOOL

Issued by VaultsPay · Branded by Heriot Watt · Powered by ATS5E

REVENUE

THE REVENUE-SHARE ENGINE

The wallet is carried through life. For every spend across the globe, the University earns a percentage of the transaction. A lifelong branded relationship becomes a perpetual profit center.

PHASE 1

Freshman Years

Campus coffees, bookstore purchases, parent allowances.

PHASE 2

Graduation & Early Career

Salary deposits, travel, dining out.

PHASE 3

Alumni Years

Mortgages, family expenses, premium global spends.

UNIVERSITY ENDOWMENT

A perpetual profit center

Each transaction across a graduate's lifetime contributes back to the institution that started the journey.
